HOW THE NRS SERVICE SURVEYS WORK

A plain-language guide for NRS staff

November 2026 · Version 1

AT A GLANCE

There are two online forms. Each one has its own web address and its own QR code. Both save their answers automatically, so nobody has to type results into a spreadsheet.

SECTION 1 — AT A GLANCE

TAXPAYER SATISFACTION SURVEY

For taxpayers. Scan the QR code at the tax office, or open the link.

- Takes about 5 minutes.
- Confidential.
- No name needed. Tax ID and contact details are optional.

SERVICE OPTIMIZATION CHECKLIST

For NRS staff, in three roles:

- **Officers** at the unit fill it in.
- **CSQAU scorers** review it and give scores.
- **The NRS team** follows progress.

WHO USES WHAT

WHO	WHAT THEY DO	WHERE	PASSCODE?
Taxpayers	Answer the satisfaction survey	/taxpayer	No
Officers at the unit	Fill in the checklist (Step 1)	/staff	No
CSQAU scorers	Review and score the checklist (Step 2)	/staff/score	Yes
The NRS team	See which offices have submitted (Step 3)	/staff/overview	Yes

SCAN TO OPEN

Taxpayer survey
Public. Scan with a phone camera.

Service Optimization Checklist
For NRS staff only.

Good to know: a QR code is just a quick way to open a link. If a code does not scan, type the link instead. All the links are on page 9.

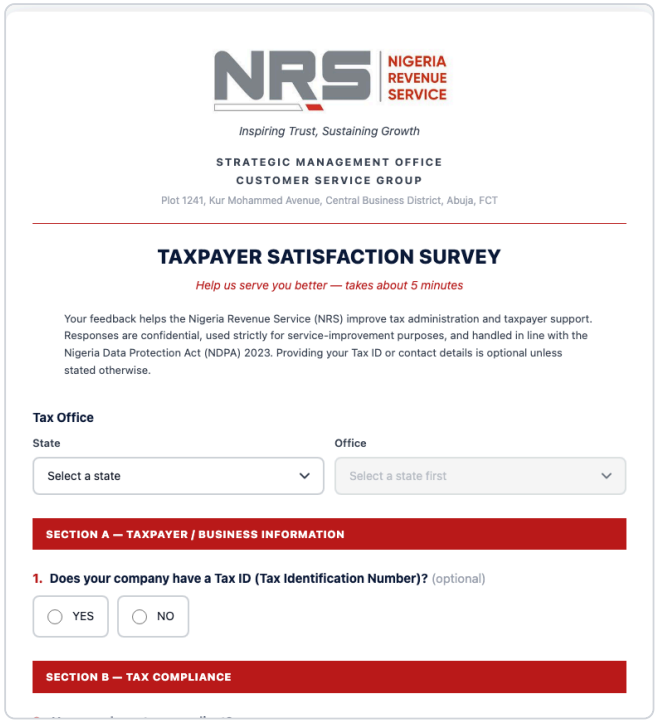

THE TAXPAYER SURVEY

This is what a taxpayer sees and answers. It is short, friendly and works on any phone.

SECTION 2 — THE TAXPAYER SATISFACTION SURVEY

1. **Tax office.** Pick the State, then the Office where you were served.
2. **Section A: Taxpayer / business information.** Optional.
3. **Section B: Tax compliance.**
4. **Section C: Service experience.** How was your visit?
5. **Section D: Digital channels and awareness.** Which NRS channels do you know and use?
6. **Section E: Your feedback.** Anything else you would like to tell us.

Optional parts. Section A (including the Tax ID) and contact details can be left blank. Nobody has to give a name.

TAXPAYER SATISFACTION SURVEY

Help us serve you better — takes about 5 minutes

Your feedback helps the Nigeria Revenue Service (NRS) improve tax administration and taxpayer support. Responses are confidential, used strictly for service-improvement purposes, and handled in line with the Nigeria Data Protection Act (NDPA) 2023. Providing your Tax ID or contact details is optional unless stated otherwise.

Tax Office

State: Select a state

Office: Select a state first

SECTION A — TAXPAYER / BUSINESS INFORMATION

1. **Does your company have a Tax ID (Tax Identification Number)?** (optional)

YES NO

SECTION B — TAX COMPLIANCE

The top of the live survey.

> **Our promise to taxpayers:** answers are confidential. They are used only to improve service and are handled in line with the Nigeria Data Protection Act (NDPA) 2023.

WHERE THE ANSWERS GO

When the taxpayer presses **Submit**, the answers go straight into a Google Sheet called **"NRS Taxpayer Satisfaction Survey - Responses"**. Each response is **one row**. The sheet is the report: it updates by itself.

Access to the sheet is **by invitation**. Taxpayers cannot see it, and the survey page never shows anyone else's answers.

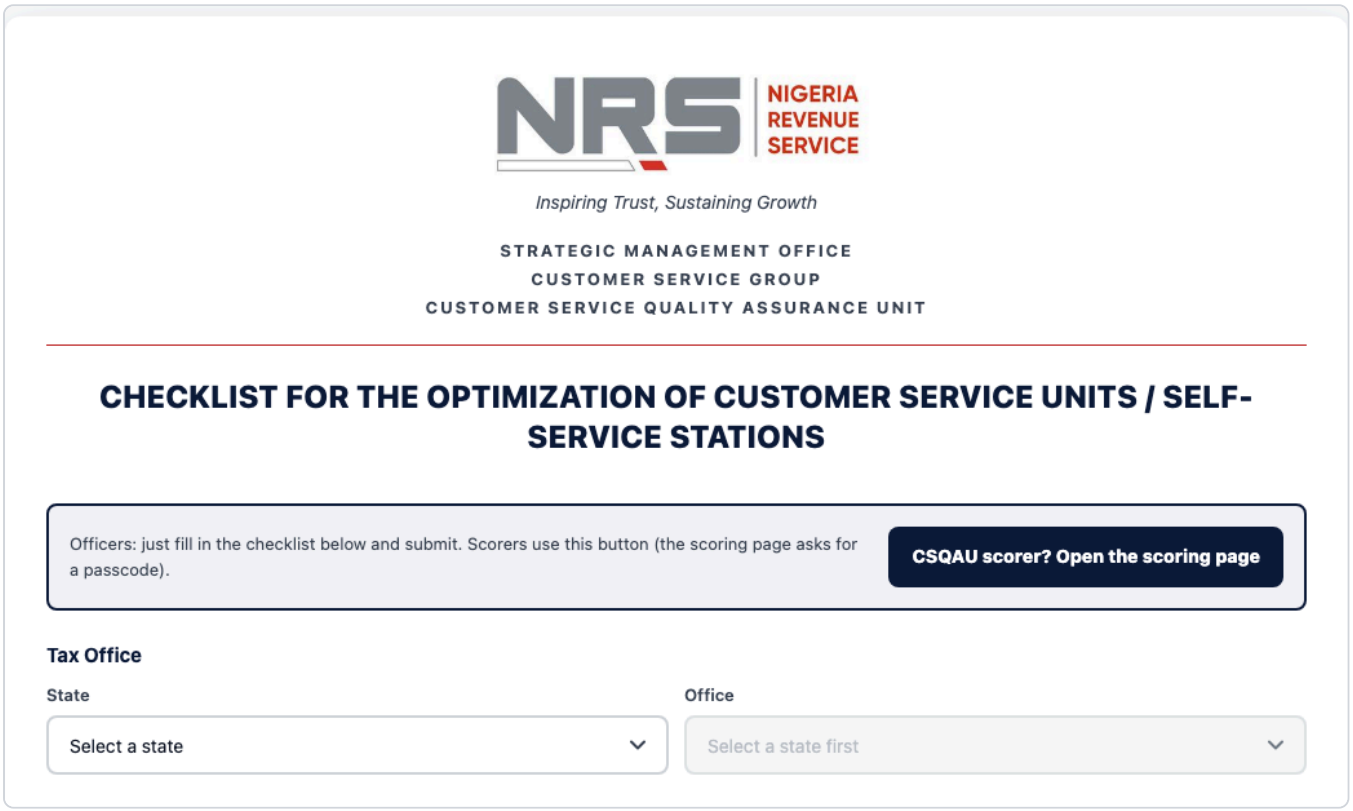

> **Tip for field teams:** if a taxpayer prefers, hand over your phone or point to the poster. The same link works for everyone. Please do not fill it in on their behalf.

STEP 1: OFFICERS

The Service Optimization Checklist is filled in at the unit by the officer on duty. It takes a few minutes.

SECTION 3 — CHECKLIST, STEP 1 (OFFICERS)

1. **Scan the QR code** or open nrssurvey.dako.studio/staff.
2. **Choose the State, then the Office.** Check that it is your own office.
3. **Answer Yes or No** for each of the 10 sections, and **add remarks** where they help.
4. **Add the staff details** at the bottom of the form.
5. **Press Submit.** You will see a reference such as `NRS-1A2B3C4D`. Write it down or take a screenshot.
6. Your answers now **wait for scoring**. Officers do not see any scores.

The top of the live checklist. The dark button, "CSQAU scorer? Open the scoring page", is only for scorers.

THE 10 SECTIONS YOU WILL ANSWER

1. Ambience	2. Number of staff	3. Availability of working tools
4. Educational and information materials	5. Registers maintained in the unit	6. Progress report on REV 360
7. Relationship management programmes	8. Newly registered taxpayers	9. Taxpayer complaints handling
10. Any other issues for Management information		

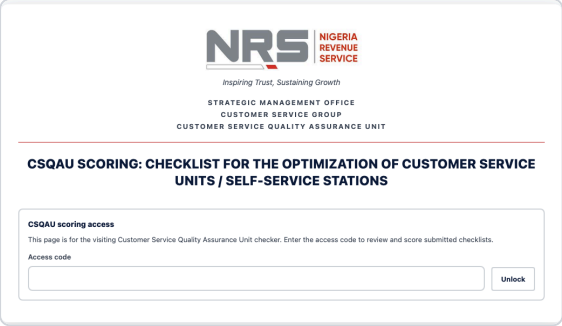

> **Keep your reference.** It identifies your submission later, on the scoring page and in the staff Google Sheet.

STEP 2: CSQAU SCORERS

Scoring is done by the visiting Customer Service Quality Assurance Unit (CSQAU) checker, never by the officer.

SECTION 4 — CHECKLIST, STEP 2 (SCORING)

1. On the checklist page, press **"CSQAU scorer? Open the scoring page"**. (Or open nrssurvey.dako.studio/staff/score.)
2. Type the **passcode** and press **Unlock**.
3. Pick the **State**, the **Office**, then a **waiting submission**.
4. The officer's answers show on screen. You can **read them but not change them**.
5. Enter a **score from 0 to 100** for each section.
6. Fill in **Checked by**, **Head** and **Tax Controller** details.
7. Press **Save**. The system **works out the total itself**.

The live scoring page asks for the passcode first.

Passcode: scorers receive it separately from the CSQAU lead. Never share it or write it in messages or emails. If you think someone else knows it, tell the CSQAU lead so it can be changed.

SAMPLE

S/N	ISSUE	OFFICER SAID	OFFICER'S REMARKS	YOUR SCORE
1	Ambience	YES	Clean and well lit	85 / 100
2	Number of staff	NO	Two officers on leave	60 / 100
3	Availability of working tools	YES	—	/ 100

Illustration of the review screen. Answers are read-only; only the score boxes can be typed in.

WHEN SOMETHING GOES WRONG

- **Sheet update failed?** The finished record goes to the staff Google Sheet. If that step fails you will see the message "Saved, but the sheet update failed" and a **Resend to sheet** button. **Your scores are safe**: press it to try again.
- **Wrong passcode?** After **5 wrong passcodes**, that connection is **locked out for 15 minutes**.

STEP 3: THE NRS TEAM

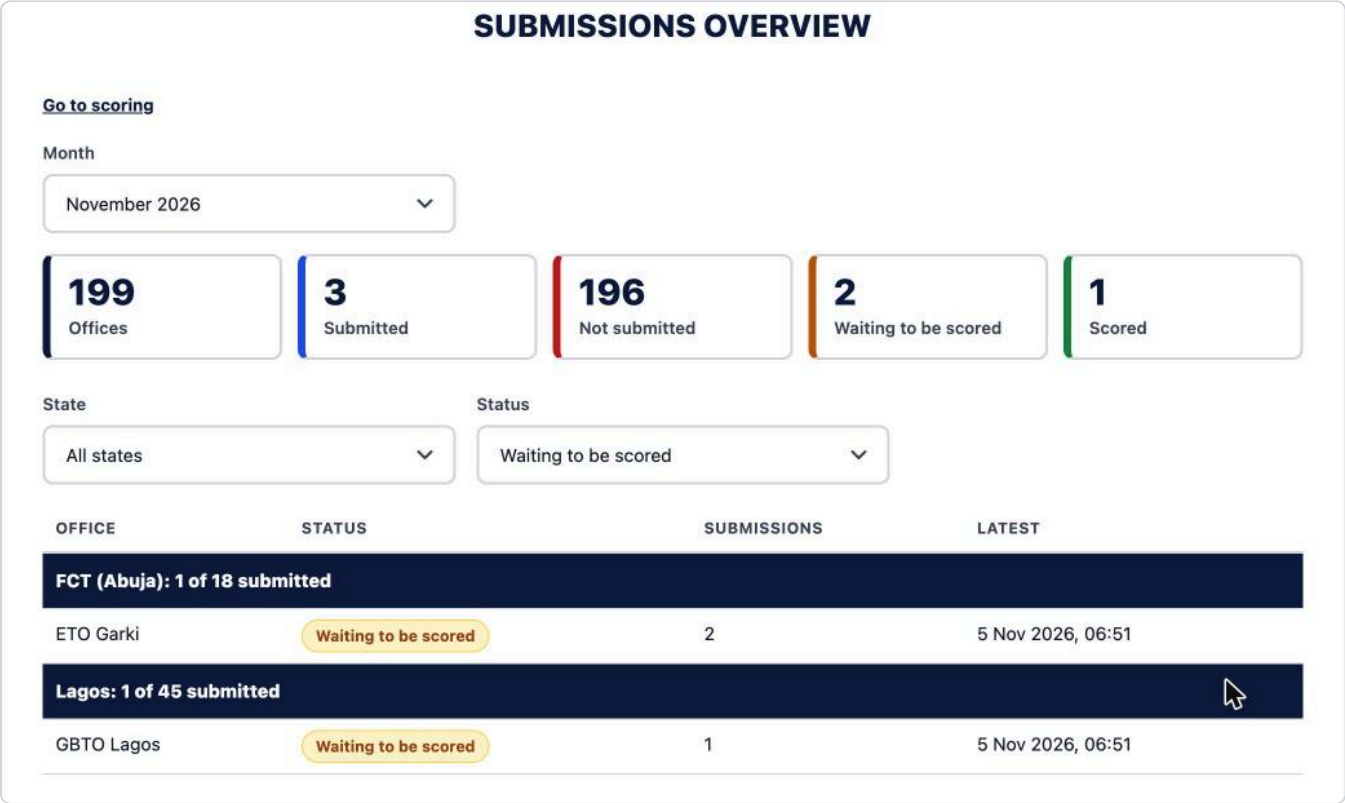

One page shows, month by month, which offices have submitted and which are still waiting.

SECTION 5 — CHECKLIST, STEP 3 (SUBMISSIONS OVERVIEW)

The Submissions overview page is at nrssurvey.dako.studio/staff/overview. It uses **the same passcode as the scorers**.

> **Sample data.** The picture below is the real page, filled with made-up demonstration numbers so that no real office results are shown.

1. **Pick a month.**
2. See how many of the **199 offices** have submitted.
3. See which are **waiting to be scored**, which are **scored**, and which have **not submitted**.
4. **Filter** by state or by status.

The Submissions overview page with sample data, filtered to offices that are waiting to be scored.

WHAT THIS PAGE SHOWS, AND DOES NOT SHOW

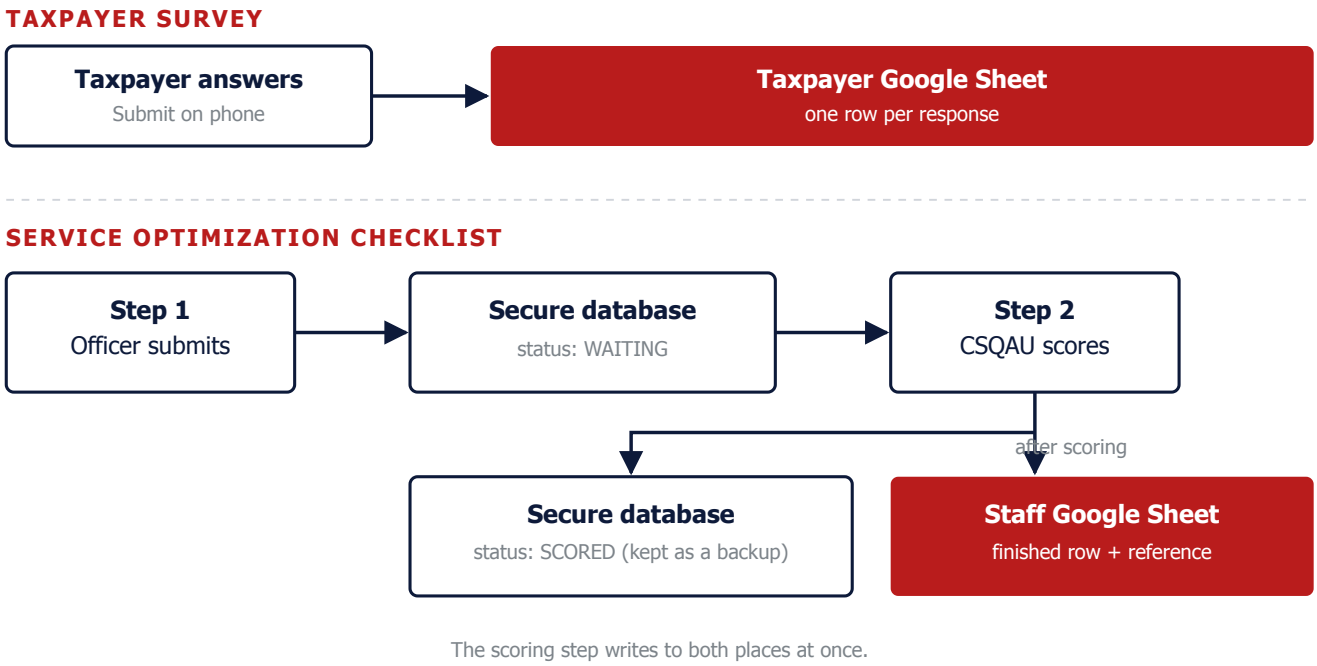

- It shows **counts and dates only**.
- It **never shows names** of officers or scorers, and it does not show the scores or remarks.
- It is a progress tracker. The detailed results are in the staff Google Sheet (page 7).

> 🔒 **Passcode:** scorers receive it separately from the CSQAU lead. Never share it or write it in messages or emails. If you think someone else knows it, tell the CSQAU lead so it can be changed.

WHERE THINGS ARE SAVED

Nothing is stored on your phone or computer. Everything is saved online, as soon as you press Submit or Save.

SECTION 6 — WHERE THINGS ARE SAVED

The scoring step writes to both places at once.

WAITING AND SCORED

- **Waiting.** The officer has submitted. Nobody has scored it yet. It is kept safely in the secure database.
- **Scored.** A CSQAU scorer has saved the scores. The finished record is kept in the secure database as a backup **and** added as a finished row in the staff Google Sheet.

THE REFERENCE CODE

Each submission gets a reference such as `NRS-1A2B3C4D`. It follows the submission everywhere: on the scoring page, in the secure database and as a column in the staff Google Sheet. Quote it if you need help.

THE GOOGLE SHEETS ARE THE REPORTS

NRS uses the two Google Sheets as its reports. They are read by invitation only. The secure database is the safety copy behind the scenes: you never need to open it.

> **Why two copies?** If the sheet is briefly unavailable, nothing is lost. The scores are in the secure database, and the scorer can press **Resend** later.

WHO SEES WHAT, AND FIXES

SECTION 7 — WHO CAN SEE WHAT

WHO	TAXPAYER SURVEY	CHECKLIST FORM	SCORING PAGE	OVERVIEW PAGE	GOOGLE SHEETS
The public	Fill in	—	—	—	—
Officers	Fill in	Fill in (no scores shown)	—	—	—
CSQAU scorers	Fill in	Open	Review and score (passcode)	View (passcode)	By invitation
The NRS team	Fill in	Open	—	View (passcode)	By invitation

QUESTIONS AND FIXES

I AM LOCKED OUT FOR 15 MINUTES

That happens after 5 wrong passcodes. Wait 15 minutes, then type the passcode carefully. Do not ask others for the passcode; ask the CSQAU lead.

I PICKED THE WRONG OFFICE

Tell the CSQAU lead the reference code. Do not submit a second form. The scorer can check which submission is the right one.

I SCORED THE WRONG SUBMISSION

Stop and tell the CSQAU lead straight away, with the reference code. Scores cannot be changed on the page once saved, so the team needs to correct it.

IT SAYS SOMEONE ELSE ALREADY SCORED THIS SUBMISSION

This "scored twice" message means scores were already saved for this reference. Nothing is overwritten. Choose another waiting submission, or check with your colleague.

"SHEET UPDATE FAILED" AND THE RESEND BUTTON

Your scores are safe. Press **Resend to sheet**. If it still fails, wait a few minutes and try again, then tell the CSQAU lead.

THE QR CODE WILL NOT SCAN

Type the link instead (page 9). Hold the phone steady, in good light, about 20 cm from the code.

THE PAGE WILL NOT LOAD

Try again. The first load after a quiet period can be slow. Wait a few seconds and refresh.

ALL THE LINKS

Every link below is clickable in the PDF.

SECTION 8 — ALL THE LINKS

WHAT	LINK	WHO CAN OPEN IT
Taxpayer survey	https://nrssurvey.dako.studio/taxpayer Short link, used by the QR: https://nrssurvey.dako.studio/t	Public
Service Optimization Checklist	https://nrssurvey.dako.studio/staff Short link, used by the QR: https://nrssurvey.dako.studio/s	Public link, meant for NRS staff
Scoring page	https://nrssurvey.dako.studio/staff/score	Passcode needed
Submissions overview	https://nrssurvey.dako.studio/staff/overview	Passcode needed
Taxpayer sheet	https://docs.google.com/spreadsheets/d/15SjHpib3MCcGQX6ZsyiIhz0GnkMvKgEGw23LolKwuoA/edit	By invitation only
Staff sheet	https://docs.google.com/spreadsheets/d/16Lk2g1M6ntN2sAurQLVbBP55lzugCb6lENhHVJwY3Ak/edit	By invitation only

> **Old address.** The earlier address, **survey.dako.studio**, still works. It forwards to the new one, so QR codes printed earlier keep working.

> 🔒 **Passcode:** scorers receive it separately from the CSQAU lead. Never share it or write it in messages or emails. If you think someone else knows it, tell the CSQAU lead so it can be changed.

PRINTED QR CODES

The QR codes point to the short links (`/t` and `/s`). If NRS ever moves a form, the short links can be pointed somewhere new, and the printed posters keep working.
